New method claims 39-45, which depend from elected claim 26, either directly or indirectly, have been added herein. It is believed that claims 39-42 are generic and thus readable on the elected species. Further, claims 43 and 44 are linking claims between elected method claims 26-36 and original method claims 37-38. Claim 45 is believed to be generic to various species. It is thus respectfully requested that claims 37-38 and 39-45 also be examiner on their merits. Finally, the restriction between method and product is respectfully traversed in view of claims 39-45.
